107.                 <p>Within the scope of the LBAW course, we were proposed to
develop a web application for collaborative Questions and Answers. For
this to be a commendable product, we want to assure a great user
experience where the questions are easy to find and the answers helpful
to the user. We aim to have an easily navigable website. A good
interface is very important and the users need to be comfortable
browsing the site.</p>↵
108.                 <p>Throughout life, we often find ourselves wondering about
questions that surely a stranger, somewhere out there knows the answer
and there is no way for him to reach out to us. With our project, we aim
to tackle that by building a clean and trustworthy platform where
relevant questions are asked and pertinent answers are replied.</p>↵
